Deliver Instant Results with No Downtime

The ProMax Lipo is a skin tightening machine that utilises a powerful combination of three market-leading technologies for instant inch loss, dramatic cellulite reduction and now the industry-renowned 'instant, non-invasive face-lift'.

Pain-free and highly profitable, the ProMax Lipo delivers safe and clinically proven technology with fast treatment times and no consumables. You can deliver highly profitable, instant results for anti-ageing and skin tightening with minimal discomfort.

There is no downtime with this treatment, so you can even treat your clients over their lunch break.

Expansion of Premises to Facilitate Entry into Export Markets
To facilitate its entry into new export markets, Lynton Lasers Ltd required increased manufacturing space, as well as new demonstration and training facilities. To this end, LEADER Funding was applied for, and won, to support the refurbishment of an adjacent business unit (Unit 9d) as well as the re-arrangement and refurbishment of the existing business unit (Unit 6i) on Holmes Chapel Business Park.
This Project was part funded by the European Agricultural Fund for Rural Development

Lynton House, Manor Lane, Holmes Chapel, Cheshire, CW4 8AF
